About Me

Security Analyst with 1+ year of experience across Web Application, API, Android, and Network Penetration Testing (VAPT), plus red team engagements and independent bug bounty research. Delivered 100+ VAPT engagements, identified 200+ vulnerabilities, and helped secure 80+ government and 20+ private-sector clients. Independently discovered and reported vulnerabilities to 100+ organizations including Google, NASA, DoD, IBM, and BBC through public bug bounty programs. Strong in vulnerability validation, risk assessment, CVSS scoring, and delivering clear, actionable reports aligned with OWASP and industry standards.

Technical Skills

- **Testing Domains::** Web Application, API, Android (SAST/DAST), Network, Thick Client (Electron), VAPT/WAPT, Black-Box Testing, Social Engineering, OSINT
- **Standards & Frameworks:** OWASP Top 10, OWASP API Security Top 10, OWASP Mobile Top 10, MITRE ATTCK, CVSS v3.1
- **Compliance:** Information Systems (IS) Audit
- **Exploitation:** Burp Suite Professional, Metasploit Framework, SQLMap, Hydra
- **Recon & OSINT:** Amass, Subfinder, Httpx, Naabu, FFUF, Shodan, Censys, ProjectDiscovery Toolkit
- **Scanning & Analysis:** Nessus, Nmap, Wireshark
- **Mobile (Android) Penetration Testing:** ADB, Frida, Objection, JADX, MobSF
- **Reporting:** Vulnerability Management, Risk Assessment, VAPT Report Writing, Client Remediation Support

Work-Experience

Security Analyst (Innovador Infotech Pvt Ltd.) July 2025 – Present

- Conducted 100+ VAPT engagements for government and private-sector clients across web, API, network, and Android applications
- Identified, validated, and responsibly reported 35+ Critical/High severity (CVSS 7.0+) vulnerabilities, including authentication flaws, SQL Injection, Cross-Site Scripting (XSS), Insecure Direct Object References (IDOR), injection vulnerabilities, and business logic weaknesses.
- Performed on-site VAPT engagements by visiting multiple State Government departments and Central Government organizations, including the National Investigation Agency (NIA), Raipur, to assess and validate the security of critical applications and infrastructure.

Red Team Consultant (CyberNeonGen) April 2025 – June 2025

- Conducted red team assessments for enterprise clients, focusing on web application exploitation and attack simulation.
- Worked with internal security and engineering teams to strengthen overall security posture and improve threat mitigation strategies.

Bug Bounty & Responsible Disclosure

- Independently discovered and reported valid vulnerabilities to 100+ organizations, including Google, John Deere, ATT, NASA, NCIIPC, IBM, Vodafone, BMW, Mercedes, DoD, United Nations, Lenskart, Sony, BBC, Achmea, Visma, Dutch Government, SIDN, CBRE, Global, hivelocity, Gridpane, Streamelements, CirlceCI, Crunch, Wur.nl, Supabase, Squadcast, Eset, Naturalis, Airship, Xsolla and many more
- Independently discovered and responsibly disclosed high-impact security vulnerabilities, including a SQL Injection vulnerability to John Deere, exposed HTTP Basic Authentication credentials in a JavaScript file to ATT, and an AWS S3 production bucket misconfiguration permitting unauthorized write access.

- Hackerone Reputation: 630, Impact: 16.25
- Completed 3+ Private Penetration Testing Engagements for Confidential Clients.

Achievements & Community

- Participated in Indian Army Cyber Security Hackathon (Sainya-Ranakshetram) 2021, c0c0n Conference 2021
- Received Letter of Appreciation from University of Cambridge and Drexel University
- Recon Badge by Pentesterlab and completed Over 50+ labs on Portswigger, 70+ on TryHackme and 20+ on HTB
- My Recon Project : [https://github.com/kingcoolvikas/S1MPL3_R3CON]
- Attended Security Conferences such as : Defcon Delhi 2022, Bsides Ahmedabad 2021,& 2023, OWASP Bhopal

Certifications

- Certified AppSec Pentesting eXpert (CAPenX)
- Certified Ethical Hacker V12 Practical.
- Certified AppSec Practitioner (CAP).
- Certified Cloud Security Practitioner–AWS (CCSP-AWS).

Education

LNCT Group Of College, Bhopal, Masters in Computer Application — Aug 2023 – May 2025

- CGPA: 7.94
